WORK EXPERIENCE

Maido | UX UI designer

MAY 2017 – PRESENT LONDON

Design lead digital studio

I have worked on projects ranging from e-commerce platforms to a Peer to Peer research tool for a non-profit organisation.

My day to day work as part of the design team includes UX and UI design of service and products, preparing and facilitating workshops, leading user testing sessions, and presenting my work to clients.

Roll Studio | UX UI design intern

SEPT 2015 – JAN 2016 LONDON

Digital production compagny

I worked with the design team on ongoing and new projects. I was involved in the ideation process, wireframing, prototyping and presentation of the projects.

Bozboz Ltd | Web design internship

SEPT 2014 – OCT 2014 BRIGHTON

Digital creative agency

I worked with the agency's designer on webdesign and graphic design projects.

EDUCATION

Readi Design Lab | Master of Design, Immersive UX design

2015 – 2017 NANTES

Acquiring a user-centered design methodology to find solutions to emerging needs. Designing virtual and augmented reality experiences and services. Preparing my final study project about the evolution of news media.

École Supérieure Nationale des Arts et Métiers | Master's degree in Management of 3D Interactive technologies

2016 – 2017 ANGERS

Studying virtual and augmented reality as part of research projects.

L'École de design Nantes Atlantique | Bachelor of Design, Interaction design

2012 | 2015 NANTES

Studying UX and UI design, web languages, 3D modeling, graphic design, 2D animation.

Several workshops : Arduino, Processing, stop motion, cartography, sociology.
